

**Dear Valued Customer,**

To offset additional costs and risks arising from operating in Iran, Iraq and Lebanon, we would like to inform you that effective 20 August 2024, we will be introducing a temporary Insurance Premium for shipments to and from these countries.

A charge of USD 0.20, or its equivalent in local currency, per kilogram based on chargeable weight will apply to all products. This charge will be captured under the 'IN' other charge code and will be based on the execution date.

We appreciate your understanding and continued support in this matter.

Should you have any queries related to these charges, kindly reach out to your local Qatar Airways Cargo office.

**Kind regards,  
Qatar Airways Cargo**
